

# 2011 NETA DIGITAL ART AWARDS

CONGRATULATIONS to **Candice Schulte** for her entry in the 2011 NETA Logo Contest. Her design has been chosen as the winner for the Nebraska Educational Technology Association 2011 NETA Conference. This was a state-wide competition. Her design will be used for the Program Cover, published in the NETA newsletter, and used on the NETA website. It will also be the design for this years T-shirts. We are proud of Candice and Benson in this accomplishment.

Also congratulations to **Jasmine Ruch** whose animation called "Identity" is being recognized among the top entries in NETA's (Nebraska Educational Technology Association's) Open Class Contest for 2011. We are very proud of Jasmine whose work was selected from entries submitted from all over the entire State of Nebraska.
